2 Bedrooms | 1 Bathroom | 904 Sqft

If you've been dreaming of trading rent payments for a place to call your own, this move-in ready home might be exactly what you've been waiting for! Just little over 900 sq. ft. ranch proves that good things really do come in small packages. Ready for its next owner, the home features 2 bedrooms, 1 full bath, and a comfortable 15 x 13 living room that's perfect for relaxing, watching TV or hosting friends. The kitchen comes equipped with stainless steel appliances and table space for meals, morning coffee, or late-night snacks. Outside, the oversized 2-car detached garage gives you plenty of room for cars, storage, tools-or all the things you promised yourself you wouldn't buy. Out back, the private yard offers patio space ready for grilling, chilling, and soaking up some sunshine. Whether you're starting out, downsizing, or just tired of cleaning a giant house, this home is proof that sometimes "just right" beats "too much".
