BRAND NEW FURNACE! What a great home! It has so much space, you'll love walking in to the airy 2 story family room. It has big windows to bring in the light and a great brick fireplace! The spacious kitchen has plenty of 42" cabinets and lots of counter space. There's handy first floor laundry, too. You'll love having the primary bedroom on the main level. It's perfect for those with accessibility issues or even just if you want the room handy. There's a giant private bath with a separate tub and accessible shower. There's another convenient full bath with a spacious shower on this level, too! Lots of hardwood makes this home even better! Upstairs are large bedrooms, nice closets, a full bath and bonus areas. There's also a loft that overlooks the family room. It's great for a game/hobby/reading, etc. area. The full, dry basement has access directly to the garage, so you can get your big items down easily. It's stubbed for a bath, for when you're ready to finish it! The utility sink is a plus! There's a 70 gallon water heater and sump pump with battery backup. You'll love the nicely landscaped, private yard, where you can enjoy the warm weather on the patio. 36" wide doors throughout and no halls make this perfect for wheelchair accessibility if needed. Seller doesn't know of anything wrong, but is selling as is. Cabinets in dining room stay. Don't miss this
